# Obstetric Anesthesia Hands-On Workshop

Friday, September 8, 2017

**Washington State Convention Center**

800 Convention Pl.

Seattle, WA 98101

**Purpose:**

Attendees of this program will be exposed to both didactic and hands-on learning opportunities aimed at reinforcing learned knowledge and skills, as well as providing the opportunity for new learning, related to obstetric analgesia and epidural techniques.

**Target Audience:**

This workshop is for CRNAs interested in developing their skills and knowledge of obstetric anesthesia.

---

**Friday, September 8, 2017**

---

7:45 - 8:00 am	<b>Welcome and Overview</b>	
8:00 - 9:00 am	<b>Maternal Physiology and Pathophysiology</b> Learner Outcomes: 1. Review physiology and pathophysiology changes and the implications relevant to the parturient.	Michael Rieker, DNP, CRNA
9:00 – 10:00 am	<b>Analgesia for Labor and Operative Delivery - 1 Pharm</b> Learner Outcomes: 1. Describe the clinical use of various local anesthetics and adjunct drugs for epidural anesthesia for uncomplicated labor and delivery.	Charles A. Reese, PhD, CRNA
10:00 – 10:15 am	<b>Break</b>	
10:15 – 11:15 am	<b>Complicated Labor</b> Learner Outcomes: 1. Describe the anesthetic management of the complicated obstetric course.	Michael Rieker, DNP, CRNA
11:15 – 12:15 pm	<b>Application of Ultrasound in Epidural Placement</b> Learner Outcomes: 1. Describe fundamentals of ultrasonography. 2. Describe lumbar spine ultrasound technique.	Charles A. Reese, PhD, CRNA
12:15 – 1:00 pm	<b>Lunch Provided to Participants</b>	

1:00 – 3:00 pm	<p><b>Learning Stations with Hands-On Demonstration and Guidance- 1 Pharm</b></p> <ol style="list-style-type: none"> <li>1. Demonstrate the superficial anatomical landmarks applicable to epidural anesthesia technique.</li> <li>2. Demonstrate manipulation of equipment, proper needle insertion, and drug instillation.</li> <li>3. Apply knowledge of pharmacology in the calculation of appropriate dosages of drugs for epidural analgesia/anesthesia.</li> </ol>	<p>Charles A. Reese, PhD, CRNA  Michael Rieker, DNP, CRNA  Beth Ann Clayton, DNP, MS, CRNA  Brian J. Kasson, MHS, CRNA  Franklin J. McShane, DNP, CRNA  Lisa Smith, PhD, CRNA</p>

**Workshop Faculty**

**CAPT. Charles A. Reese, PhD, CRNA, NC, USN (ret)**

Dr. Reese holds a BS degree in Nursing, a BS in Nurse Anesthesia, a MBA in Health Services Management, and two earned doctoral degrees (a Ph.D. in Health Services Administration, Ph.D. in Adult Education). His US Navy career spanned three decades, rising from the enlisted ranks to retire at the rank of “Captain”.

He recently retired as an Associate Professor in both the Department of Anesthesiology and Department of Obstetrics and Gynecology – Medical College of Virginia Physicians. Dr. Reese is the recipient of the AANA’s Alice McGaw Clinical Practitioner Award (2000), the Helen Lamb Outstanding Educator award (2006), and the Agatha Hodgins Award for Outstanding Accomplishment (2016).

**Michael Rieker, CRNA, DNP, FAAN**

Dr. Michael Rieker is a professor in the department of Anesthesiology and the director of the nurse anesthesia program at Wake Forest School of Medicine. He was named the AANA’s Program Director of the Year at last year’s congress. In his 23 years of anesthesia practice, he has practiced in every setting across the country, and he is a former chief CRNA in obstetrics. He has been teaching the Essentials of OB Anesthesia workshop for the AANA since 2009.

**Beth Ann Clayton, DNP, MS, CRNA**

Dr. Clayton is the Nurse Anesthesia Program Director for the University of Cincinnati. She is a member of the Obstetric Anesthesia Guidelines Committee, and the AANA Closed Claims Committee in which her primary responsibility was to review the obstetric anesthesia cases. Dr. Clayton is also a member of the AANA Spinal/Epidural workshop faculty.

**Brian J. Kasson, MHS, CRNA**

Brain Kasson is on faculty at Northern Kentucky University as Adjunct Assistant Professor of Clinical Nursing. He has been a faculty member and speaker at the AANAs highly acclaimed Spinal and Epidural Workshops since 2008 and was the recent president of the Ohio State Association of Nurse Anesthetists. As author and coauthor he has published articles in the AANA Journal and Anesthesia and Analgesia as well as the chapter on Obstetrical Anesthesia in the latest edition of Nagelhout’s textbook Nurse Anesthesia. As a speaker he has presented at state association meetings and the AANAs national meetings.

**Franklin McShane, DNP, CRNA**

Dr. Franklin McShane is the Program Director of the Nurse Anesthesia Program at Rosalind Franklin University. Prior to taking that position, he practiced in a small independent private practice anesthesia group in rural Wisconsin for 17 years.

**Lisa Smith, PhD, CRNA**

Dr. Smith is the Program Director of the Oregon Health and Sciences University. She has been a practicing CRNA since 1998 and a large portion of her practice is dedicated to the use of regional anesthesia. She has been teaching the regional anesthesia workshop since 2007. She is a former active duty Navy officer of 26 years with extensive regional anesthesia experience.

**Accreditation Statement:**

This course has been prior approved by the American Association of Nurse Anesthetists for 6.00 Class A CE credits; AANA Code Number 1034281; Expiration date 09/08/2017.

AANA designates this program as meeting the criteria for up to 2.00 CE Credits in Pharmacology/Therapeutics.

The American Association of Nurse Anesthetists is accredited with distinction as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Provider approved by the California Board of Registered Nursing, Provider #10862.

**Conflict of Interest Disclosure:**

This educational activity is being presented without the provision of commercial support and without bias or conflict of interest from the planners and the presenters.

**Claiming Class A CE Credit:**

You will receive an email the **week of September 18, 2017**, at the conclusion of the meeting. This email will contain a link to your individual evaluation/CE credit claim. Do NOT submit credits until you have claimed credits for all sessions attended. All evaluations are anonymous - evaluate each speaker and session carefully and completely for each session you have attended.

The evaluation of the educational sessions of the AANA Nurse Anesthesia Annual Congress provides important feedback for the AANA Professional Development Committee and the presenters. This information is very helpful in developing future programs. All participants are requested to complete evaluations for all the sessions they wish to receive Class A CE credit.

Please note: If you have "opted-out" of receiving emails from the AANA, you will not receive this email. You will need to send an email to: [AANA\\_evaluations@aana.com](mailto:AANA_evaluations@aana.com) requesting that a separate email be sent to you.
